

## Cleanliness Counts—BUT

It's really only the beginning of teeth preservation. You've often wondered why it is that tiny cavities scarcely bigger than a pin head appear frequently in your teeth. And this in spite of the fact that your teeth *always* look immaculately clean and white.

## Pebeco Tooth Paste

Here's the point: You have "acid-mouth." Your salivary and mouth juices are unusually acid. They "work" upon the hard outside enamel. They weaken it. A cavity appears. Had you but known the fact that Pebeco overcomes "acid-mouth" you could easily have preserved your teeth free from cavities.

## TANGO AND BRIDGE TOO SWIFT FOR HIM AND WIFE QUITS

Guy Van Amringe Blames Social Whirl for His Domestic Troubles.

New York's social whirl, with its tango teas, gay dinners and bridge whist parties, has brought about a separation between Guy Van Amringe, lawyer and clubman, and his wife, Mrs. Martha Bowers Van Amringe, according to a statement by the husband.

Mr. Van Amringe is the son of Dr. J. Howard Van Amringe, for fifty years dean of Columbia University. His wife is the daughter of John M. Bowers. Three weeks ago she closed her town house at No. 543 Park avenue, and sailed for Paris. Her friends believe she will begin suit for divorce there, the Mackays having shown the easy way to divorce under French law.

Van Amringe, now living at the Netherlands Club, No. 3 Gramercy Park West, and seemingly crushed by the storm which is buffeting his matrimonial ship, said he didn't know whether his wife would sue him or not. Mr. Van Amringe said he had been told of all sorts of stories about as to the cause of his separation from his wife. These stories hadn't gone to the extent of accusing him of having beaten her, he explained, but he had been accused of being a drunkard and of permitting his father-in-law to buy all his clothes. Then he went on to blame it all on New York's "social whirl."

"The social whirl of New York is

really responsible, added to the fact that the society women of to-day have no responsibilities. They have little to occupy themselves with but dinners, bridge and tango parties. It is very difficult for a busy man, worn out with the exertions of the day, to approach those things in the evenings with the enthusiasm felt by his wife, who counts on them as filling such a prominent place in her life.

"Why, I have reached my home at twenty minutes to 8 o'clock on an evening and at 8 o'clock I have been sitting down at a dinner party in another house. Among the clubs to which Van Amringe belongs are the Metropolitan, University and Republican. He was graduated from Columbia University in 1888.
